

UP GOES MEAT.

Meat in Chicago Takes Sudden Upward Leap.

Chicago, Ill.—Economic housewives who have complained of the sudden increase in the prices of meats that went into effect a few days ago, may extract a grain of comfort, possibly, from the knowledge that the worst is yet to come.

The prices of meats, poultry eggs and butter may be expected to continue their flight upward for at least two months.

Just how high the price of steaks and choice cuts of beef might go, none of the merchants would venture to guess.

Following are some of the prices in high-class markets as opposed to those which obtained previously:

	New Price.	Old Price.
Porterhouse steaks	30c	25c
Club steaks	35c	33c
Pork chops	25c	18c to 22c
Round steaks	18c	15c
Butter	12½c	10c
Eggs	34c	28c to 32c
	30c	28c to 30c

According to the packers and big retail markets, two reasons worked together to bring about the sudden boost in the prices—the cold weather and the small receipts of cattle at the stock yards.

The cold weather, they declare, has operated to double the demands for meats, increasing the prices. Moreover, it is expected that the demand for meats will continue to increase during the next two months, while it is hardly probable that the receipts at the stock yards will increase to a perceptible degree. Consequently, mercilessly add the meat men, the prices will continue to soar.

Porterhouse steaks might be purchased at as low as 12½ cents a pound at one time. Round steak in some markets was sold for 10 cents a pound.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich.

The following unique request was received by a newspaper in the neighborhood recently from an appreciative(?) subscriber: "Send me a few copies of the paper which has the obituary and verses about the death of my child a week or two ago. You will publish the enclosed slip about my niece's marriage; and I wish you would mention in your local columns, if it don't cost anything, that I am going to have a few extra bull calves to sell. Send me a couple of extra copies of the paper this week, but as my time is out you can stop my paper, as times are too hard to waste money on a newspaper."

WILLIAMS' KIDNEY PILLS.

Have you neglected your Kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pain in loins, side, back, groins and bladder? Have you a flabby appearance of the face, especially under the eyes? Too frequent a desire to pass urine? If so, Williams' Kidney Pills will cure you—at druggists, price 50c. Williams M'fg. Sea Island Cotton.

The market has been firm with a good demand. At first this was mostly for type purposes, but latterly the business was in the regular way. Practically all of the receipts were of new cotton, and the offerings were insufficient to supply the demand, some of which remains unsatisfied. The cotton coming in is generally of a very good quality. The inquiry was mainly for fancy, and extra choice, and quotations show some little advance from the week before.

Crop accounts do not now indicate anything better than a moderate yield. Reports from Florida, while irregular, are not at all bright. In some sections the crop is said to be all open, and the outlook is for a very short crop. Reports from Georgia are better, some counties reporting good prospects.

Sales for the week, 797 bales.

The following prices were based on factors' quotations and are revised weekly on Fridays:

Fancy Floridas	22½ to 23
Fancy Georgias	22 to 22½
Extra choice Floridas	21 to 21½
Extra choice Georgias	20½ to 21
Choice Georgias and Floridas	19
Extra fine Georgias and Floridas	16 to 17
Fine Georgias and Floridas	14
Common Georgias and Floridas	12

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by Barclay & Groover, druggists.

A driver and two mule were drowned while attempting to ford Haw creek. The man had been sent from Espanola with a load of lumber; and was returning to that place when the accident occurred.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is today the best known medicine in use for the relief and cure of bowel complaints. It cures griping, diarrhoea, dysentery, and should be taken at the first unnatural looseness of the bowels. It is equally valuable for children and adults. It always cures. Sold by Barclay & Groover, druggists.

KILLED BY TRAIN.

Will Simmons, Deaf and Dumb Negro, Instantly Killed Sunday.

Will Simmons, deaf and dumb negro boy, who had been working at the Byrd still was run over by the Coast line south bound passenger train at 10:40 Sunday morning, one mile north of town, and instantly killed.

He had been walking along the railroad and had stopped and was sitting on the rail with his back toward the approaching train. The engineer gave the usual alarm, but Simmons did not move. The engine was reversed and the steam brakes applied, but the train could not be stopped in time, and Simmons was struck by the engine and body his ground beneath the wheels.

His lifeless body was placed upon the train and brought to this city, where it was identified and word sent to relatives of the unfortunate negro, who came for the body Sunday afternoon.

The accident is very much regretted by the train crew, who used every effort possible to prevent it.

SUWANNEE HIGH SCHOOL

Begins Its Next Session Monday, September 20.

Every preparation has been made for the opening of school next Monday. Every boy and girl in Live Oak should be ready to enter on the first day. Do not wait. Send the children the day school opens. Keep them in all the year.

Those children who were not present to take the final examinations last spring, will be given a chance to take them next Monday.

We understand that some who failed to be promoted last spring, wish to try the examination again. All such will be given an opportunity to do so.

We advise, however, that parents require children who failed outright on the last year's work, to take that work over again without making any effort to take examinations this fall. It will be far better for the child whatever the cause for the failure of promotion.

Let all the children come next Monday.

Southern Business College Notes.

The "Southern" has been making first one improvement then another until now it stands among the best business schools in the southeast. Its body of students is growing every week despite the number completing and getting out into the commercial work.

The demand for well prepared office help is greater now than ever before, and this school, having a keen sense of this fact, is making "thoroughness" the guide to lend its students to success. Every young person recommended by this institution will be found competent of doing extensive office work. An Employment Bureau has been lately established which proves to be a great aid in getting positions for the students.

On the 2nd of this month the main line wire of the A. C. L. running from Palatka to Waycross and the S. A. L. running from St. Augustine to River Junction were put into the Telegraphy department. This gives the actual training that is necessary to turn out competent operators. This school has a regular railroad office to train its students in. All forms used by railroads are in use in this department and agency is taught to perfection. No where in the South can be found greater opportunity for the study of telegraphy.

This institution is based on its merits, and we certainly recommend it to every young person in Florida and South Georgia who is desirous of entering the business world.
